

Good Afternoon RHS Families,

Below are succinct guidelines for course essentials, course end dates and grading. The superintendent will send additional information regarding the end of the year, including all May events and activities in the near future.

Please contact me with any questions or concerns, thank you. – Chris Uhle

### **Course Essentials List**

#### [Course Essentials](#)

The course essential list is a master document of requirements organized by department. This list provides transparency on the course essentials for each teacher and course. Students who do not complete the course essentials will be issued a Not Met and will have additional time in Extended School Year.

### **Course End Dates**

Seniors: May 21, 2020

Freshmen, Sophomores, Juniors: May 29, 2020

### **Extended School Year**

Session 1: June 8-25, 2020

Session 2: July 6-23, 2020

Extended school year will be staffed with certified teachers to assist students in meeting course essentials. Students who need additional time will be enrolled in extended school year and assigned an advisor. The advisor will assist students in navigating their remaining work (course essentials). We are planning for a similar Remote/E-Learning structure for Extended School Year. For students in need of ESY, more information will be provided towards the end of May.

### **Grading**

If students have a 60% or better (70% or better in certain courses) and do not complete the essential learning requirements then:

1. \*\*They receive a Not Met until the essentials are completed.
- OR
2. \*\*Teachers have discretion in awarding credit and grades based on the body of evidence a student has provided.

\*\*The final grade must not be lower than the grade as of 3/13. If the essential learning assessment is proficient but will lower the student grade – enter as a formative grade. Summative grades entered in the gradebook can ONLY raise a student's current grade. Students who do not complete the course essentials will be issued a Not Met and will have additional time in Extended School Year.
